Smoothie Data Handling

Look at the table below:

Favourite Smoothie	Number of children
Strawberry	5
Vanilla	2
Banana	10
Kiwi	1
Melon	2

1. The **most** favourite smoothie is _____.

2. The **least** favourite smoothie is _____.

3. There are _____children **all together**.

4. There are **equal** number of children that like _____
   smoothie and _____smoothie.

5. The number of children who like banana smoothie is **double** the
   number of children who like _____ smoothie.

6. What type of fruits do you have at home? Make a table with the type
   of fruits and the amount of each fruit. How many fruits do you have
   all together? (You can make a table with vegetables instead of fruits)

Type of fruit	Number of fruits

Total number of fruits
