

Patterns Around Us – Part 2

Activity 1 – Cutlery Patterns

This is a pattern using cutlery pieces.

- Fetch** some cutlery such as teaspoons, spoons, forks and knives and use them to create your pattern. You may also add some kitchen utensils!
- Draw** your pattern here.

A large, empty rectangular box with rounded corners and an orange border, intended for drawing a cutlery pattern.

Take a photo of your cutlery pattern and upload it on Facebook Page **Primary Mathematics (Malta)** or send it to melanie.casha.sammuto@ilearn.edu.mt.

Activity 2 – Body Movements Patterns

a. Use your body movements to demonstrate a pattern.

- Tap your head.
- Tap your shoulders.
- Tap your knees.
- Touch your toes.
- Repeat.

1 - <http://crystaloyenschool.com/2017/04/18/head-shoulders-knees-and-toes/>

b. Can you **create** another pattern using 6 different body movements?

Take a photo of your body movements pattern, upload it on Facebook Page Primary Mathematics (Malta) or send it to melanie.casha.sammut@ilearn.edu.mt.

Activity 3 – Patterns Problem solving Task

Harry has coloured pasta to make a necklace.

He has **10 blue**, **5 yellow** and **5 green** coloured pasta.

Help Harry make his pasta necklace in **2 different patterns**.
