

## AROUND A TABLE

10 students sit around a circular table. Their names are

Elaine, James, Sam, Tina, Karl, Luke, Mary, John, Peter and Rick.

Read the following clues and discover how they are seated. Label the names on the diagram above.

- Mary is seated to the right of Peter.
- Luke is between Karl and Sam.
- The 3 girls are sitting next to each other.
- Elaine is not sitting next to Sam.
- Sam is not sitting next to Peter.
- Tina is on the right of Mary.
- John is between Rick and Sam.
- Luke is not sitting next to Peter.

Using the description above, can you find other ways in which they could be seated?
